

Part No **42811**

## USB TO SERIAL CONVERTER

**CONNECTS A SERIAL DEVICE TO A USB TYPE A COMPUTER**

### DESCRIPTION

- Connects to any standard serial device via USB Type A
- Prolific chipset for wide compatibility
- Plug & Play - USB bus-powered with no external power supply required
- Compatible with Windows and Mac operating systems
- 2 year warranty

The Lindy USB to Serial Converter allows for the simple connection of peripheral devices featuring 9 Way Serial RS232 to a USB Type A port. With both USB Type A and serial connectors, this device is a perfect solution for connecting legacy RS232 equipment such as barcode scanners and industrial devices to computers, in retail, IT and digital signage scenarios.

Featuring the widely compatible Prolific chipset and support for both Windows and Mac operating systems, this converter ensures there are no issues when connecting with a range of devices, and as the converter is USB bus-powered it can be installed quickly and easily with no need for additional power supplies.
